## Appendix

Table S1
Distribution properties of the 2016 European Social Survey (ESS) and the 2014 Chapel Hill Expert Survey (CHES) variables considered by this study.

| Variables | Category | Distribution description | Proportion $r$ of <br> respondents against <br> complete sample <br> size for Poland (\%)  | Proportion of <br> respondents against <br> complete sample size  <br> for Silesia (\%)  |
| :---: | :---: | :---: | :---: | :---: |
| Dependent variables | Respondents' extent of support for increasing taxes on fossil fuels | Strongly and somewhat in favour | 14.0 | 20.0 |
|  |  | Other than strongly and somewhat in favour (neither in favour nor against, somewhat against, and strongly against) | 86.0 | 80.0 |
|  | Respondents' extent of support for using public money to subsidize renewable energy | Strongly and somewhat in favour | 76.0 | 79.0 |
|  |  | Other than strongly and somewhat in favour (neither in favour nor against, somewhat against, and strongly against) | 24.0 | 21.0 |
| Socio-political factors | Respondents voted party-political ideology | Voted for extreme-right party | 14.0 | 12.0 |
|  |  | Voted for right-wing party | 45.0 | 33.0 |
|  |  | Voted for center party | 31.0 | 37.0 |
|  |  | Voted for left-wing party | 11.0 | 18.0 |
|  | Respondents voted party anti-elitist and anti-establishment rhetoric | Voted for party for which populist rhetoric is not important or closer to not important | 41.0 | 47.0 |
|  |  | Moderately to extremely important | 59.0 | 53.0 |
|  | Respondents concerned about climate change | Extremely, very, and somewhat concerned | 65.0 | 74.0 |
|  |  | Not at all and not very concerned | 35.0 | 26.0 |
| Socio-demographic factors | Respondent gender | Female | 51.0 | 58.0 |
|  |  | Male | 49.0 | 42.0 |
|  | Respondent age | $\leq 40$ years old | 39.0 | 28.0 |
|  |  | 41-56 years old | 24.0 | 45.0 |
|  |  | $\geq 57$ years old | 37.0 | 27.0 |
|  | Respondent education level | College, graduate/professional school | 32.0 | 45.0 |
|  |  | Grades of 1-11, high school, community, vocational, technical | 68.0 | 55.0 |
|  | Respondent employment status | Employed | 56.0 | 53.0 |
|  |  | Unemployed | 44.0 | 47.0 |
|  | Respondent employment sector | Carbon intensive sector | 18.0 | 35.0 |
|  |  | Other than carbon-intensive sector | 82.0 | 65.0 |

Table S2
Cramer's V results of the strength of association between the independent and control variables.

| Variable pair | Cramer's V |  |
| :---: | :---: | :---: |
|  | Poland | Silesia region |
| Voted party ideology (VPA) and populism | 0.1762510 | 0.1461240 |
| VPA and concern about climate change | 0.1298744 | 0.2910516 |
| VPA and gender | 0.1432053 | 0.2009083 |
| VPA and age | 0.2441867 | 0.2471347 |
| VPA and employment status | 0.1774700 | 0.2227578 |
| VPA and employment sector | 0.3181341 | 0.5422207 |
| VPA and education level | 0.1941230 | 0.2122858 |
| Populism and concern about climate change | 0.1328435 | 0.2963634 |
| Populism and gender | 0.1442447 | 0.2036453 |
| Populism and age | 0.2450344 | 0.2483338 |
| Populism and employment status | 0.1847627 | 0.2344642 |
| Populism and employment sector | 0.3117971 | 0.5283008 |
| Populism and education level | 0.1902861 | 0.2375252 |
| Concern about climate change and gender | 0.0774495 | 0.2481088 |
| Concern about climate change and age | 0.0776424 | 0.2110847 |
| Concern about climate change and employment status | 0.1161647 | 0.1868813 |
| Concern about climate change and employment sector" | 0.2612512 | 0.5276983 |
| Concern about climate change and education level | 0.1759413 | 0.2809426 |
| Gender and age | 0.0555019 | 0.7173746 |
| Gender and employment status | 0.1355360 | 0.2613072 |
| Gender and employment sectors | 0.2289976 | 0.2695296 |
| Gender and education level | 0.2463501 | 0.3511801 |
| Age and employment status | 0.1158719 | 0.1210854 |
| Age and employment sector | 0.3455976 | 0.4905879 |
| Age and education level | 0.2590689 | 0.2858667 |
| Employment status and employment sector | 0.3792286 | 0.6298269 |
| Employment status and education level | 0.3821664 | 0.4780276 |
| Employment sector and education level | 0.2670497 | 0.4709967 |
