Thank you for participating in the HelloFresh Food Waste study. We really appreciate your support!

During the next two weeks we will ask you about your dinnertime routines, eating habits, and food waste.

We kindly ask you to do the following:

Fill in the daily questionnaire after each dinner - not at a later date. Don’t wait or hold your answers overnight.

Weigh food that was meant for dinner but disposed of during the day, such as items that may have spoiled before they could be cooked.

Weigh food waste after dinner, and if cooking, also put aside any food waste produced during dinner preparation to weigh as well.

* 1. First, please create your personal survey-ID using your first initial, last initial and the day and month of your birth.

   Please write it down somewhere to remember it. You will need it every time you complete a survey, and we will use it to track fulfillment of the requirements to receive your second free box.

   Please note: No conclusions will be drawn by your initials and numbers, it is simply a code to identify you.

   E.g. Jane Doe, 11/23 = JD1123
2. What do you typically eat for dinner on weekdays - or on your workdays, if those differ from weekdays? Please select option(s) that reflect your dinners at least three days per week.
